

HASS Rubric: Intake-to-Placement

Does the organization have a matchmaking process in place?

Beginner

The organization provides some informal matchmaking for individuals interested in adoption or foster. A formal matchmaking process is not in place for all individuals that contact the organization.

Intermediate

The organization has a formal matchmaking process in place that matches pets with fosters, adopters, or transport partners **after the pet has been officially intaked.**

Advanced

The organization has a formal matchmaking process in place that matches pets with fosters, adopters, or transport partners **prior to the pet has been officially intaked.** All pets that are expected to enter the organization's care are matched with an intake pathway and potential positive outcome. Adopter and foster-on-deck lists are referenced to support pathway planning as available.
