

HASS Rubric: Intake-to-Placement

Who at the organization completes intake-to-placement management?

Beginner

Organization has at least one part-time staff member or volunteer dedicated to managing intake and intake-to-placement personnel and processes. Intake-to-placement may include pathway planning for adoption, foster, or partner transport. It may also include on-site planning for incoming pets, strategic decision-making to decrease on-site length of stay, and improving consistency across pet support and intake diversion programs.

Intermediate

Organization has at least one full-time staff member or volunteer dedicated to managing intake and intake-to-placement personnel and processes.

Advanced

Not applicable.
