

HASS Rubric: Lost Pet Reunification

What lost and found data does the organization track?

Terminology

1. **Over-the-counter RTH:** A pet that has been reunited with a caretaker and returned-to-home (RTH) from the shelter's care.
2. **Field return:** A pet that has been reunited with a caretaker while in the field without entering the shelter's care.

Beginner

Return-to-home (RTH) data is tracked annually by species.

Intermediate

Return-to-home (RTH) data is tracked quarterly by species. Field versus over-the-counter RTH is recorded when applicable.

Advanced

Return-to-home (RTH) data is tracked monthly by species. Field versus over-the-counter RTH is recorded when applicable.
